

Ezzymaya Makeup COVID-19 Sanitation Agreement

For the health and safety of the makeup artist as well as the client, the following sanitation procedures will be met:

- Towels and capes will be laundered between each scheduled client.
- All brushes will be washed and sanitized using either 99%, 91%, or 70% alcohol between each client.
- Gloves will be thrown away and new ones will be replaced for each new client.
- Makeup artist(s) will be required to wear a mask throughout the entirety of the appointment.
- The client(s) and others in their party will be required to have a mask, and wear it when possible during makeup application.
- All compact powders used will be sprayed with either 99%, 91%, or 70% alcohol after use, and wiped down with a paper towel.
- All cream products will be removed from their containers with a clean spatula, and placed onto a separate palette to avoid cross contamination. Spatula and stand-alone palette will be cleaned and sanitized between each client using either 99%, 91%, or 70% alcohol.
- Pencil products, such as lip liners or eye liners, will be sprayed with 99%, 91%, or 70% alcohol, and sharpened between clients to ensure removal of any contamination.
- All tools, such as eyelash curlers, tweezers, pencil sharpeners, etc. will be sanitized between each client with either 99%, 91%, or 70% alcohol.
- Any contaminated items that need to be washed or laundered, such as brushes or towels, will be placed in a plastic bag after use in order to avoid cross-contamination within the kit.

I have read the above sanitation procedure, and agree to the steps that require client action:
